a. Academic, Suspension, Attendance Bend Presentation

Mr. Mendenhall explained the timeline for creating the SPSA. Also, discussed the role of the SSC in developing the SPSA. The group discussed the data from the presentation. The discussion included data from the 7 SPSA goals. One member pointed out how the focus last year was on math due to lower scores the previous year. It's believed that the focus helped raise scores in math, but there was a drop in ELA. There was also discussion regarding attendance. There will be an attendance assembly this Friday to help encourage students to have great attendance. The parent survey (goals 6 and 7) were shown to the group. There was a lengthy discussion regarding how parents with multiple students could accurately complete the survey. Possibility of giving each parent an opportunity to complete the form for each of their children attending Bend.

7. **Discussion/Action Items:**
